Manureva.

18th March 1986.

Mr John Rutter,
Town Planning,
Manukau City Council.

MANUKAU.

Re: Lot 45, Conifer Grove

Dear Sir,

I wish to apply for planning dispensation which would enable me to build the house as shown in the attached plans, 0.6 metres into the 3.0 metre free area normally required on ROW sections.

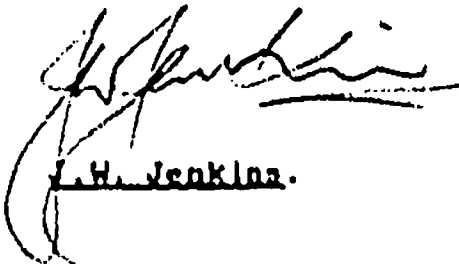

Following our discussions in early March, I have submitted the plan to the rear section neighbour Mr D Chandar, who has advised me, that he has no objections and has signed the preliminary site plan.

At this time full plans are being drawn prior to permit application.

I have built this house plan three years ago, whilst living in Australia. This time, we would like to enlarge bedroom two and three and the family area slightly. For this reason and also to capture maximum sun in the living areas, I apply for the dispensation.

Please contact me for any further information you may require.

Yours faithfully,

J. H. Jenkins.
