It's the ultimate club for car enthusiasts

The GT Membership is an exclusive club which caters to all car enthusiasts, from the beginner to those competing at the highest level. The GT Membership provides a safe and controlled environment for you to get your car out on track

*"Highlands and Hampton Downs are among the best circuits in the world. The people are great, the lounge is awesome and you can just put your toy in a garage and turn up and have some fun. If your thing is fast cars, then this is the best club in the country."*

Glenn Chappel,  
Hampton Downs GT Member

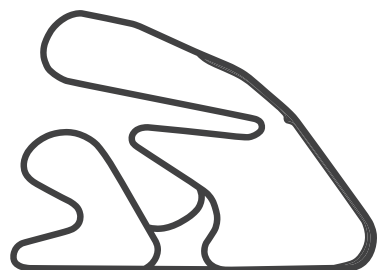

The Hampton Downs and Highlands GT Membership programme continues to thrive with a full membership at Highlands and limited space left at Hampton Downs. GT Membership at Taupo International Motorsport Park continues to grow and the opportunity for new members to join from the central North Island.

The GT Membership provides an exclusive safe, controlled environment for a diverse range of cars, drivers and experience.

We give special attention to the large group of “gentleman drivers” in the membership, providing plenty of on track support, encouragement and controlled track time for drivers to build their confidence on the circuits. We encourage you to visit us to find out more. You’ll be surprised how refreshingly simple we make it for you

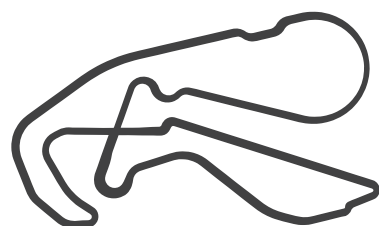

## THE GT MEMBERSHIP:

Our race circuits are all world class facilities but are unique in their own right, so the allocation of track time differs for each:

### HAMPTON DOWNS

At Hampton Downs you get 80 sessions a year on circuit. A session is a morning, afternoon or twilight block of time on track, mostly combined to give you a full track day. The track day calendar at Hampton Downs, always shows three months of the GT Members’ dates in advance so members can plan and make time to enjoy the track. On average there are 4-5 track days per month scheduled. Access to the full International Circuit is a privilege of the membership and is made available at least 12 times a year. Enjoy free use of the garages on members days.

### HIGHLANDS

Your membership at Highlands gives you 80 days a year on the circuit, which can be used on days that suit you.

*On almost all occasions you can just turn up and drive*

A weekly track availability calendar will keep you up to date with track availability or you can simply give Highlands a call when you want to head to the track. A car is available for hire at Highlands if you prefer not to transport your own.

### TAUPO INTERNATIONAL MOTORSPORT PARK

At Taupo International Motorsport Park you get 80 sessions a year on circuit. A session is a morning, afternoon or twilight block of time on track, mostly combined to give you a full track day.

The track day calendar at Taupo, always shows three months of the GT Members’ dates in advance so members can plan and make time to enjoy the track. Tuesdays & Wednesdays are always reserved for members, and weekend days are also made available. Enjoy free use of the garages on members days.

*It's probably the best club  
I've ever joined"*

While any membership needs to have rules, we have two basic principles which apply to everything we do, "common sense must apply" and "it's about using the membership not abusing it". We've stuck to those principles across the membership and it's proven to be a success.
