418 APPLEBY HIGHWAY & 4 LANSDOWNE ROAD, APPLEBY & FLOWER FARM BUSINESS

418 APPLEBY HIGHWAY & 4 LANSDOWNE ROAD, APPLEBY
& FLOWER FARM BUSINESS

Business is Blooming

A rare opportunity to secure a thriving flower farm, two dwellings, and a deeply liveable lifestyle, underpinned by proven income and long-term land value in sought-after Tasman.

Held across two titles and sold together, this established offering includes 418 Appleby Highway, 4 Lansdowne Road, and The Flower Farm. A profitable, fully operational business with over a decade of success. The sale reflects a family relocation only; the business itself is flourishing.

Set within productive, well-established grounds, the operation is fully consented for commercial use and comprehensively equipped, including bore water, dam share, glasshouses, sheds, chillers, and supporting infrastructure. Everything is in place for a seamless transition, whether you choose to be hands-on or install management and step back.

Two dwellings provide genuine flexibility: live on site, accommodate staff or management, or structure a model that balances lifestyle with income. Importantly, the current owners were not lifelong flower farmers, reinforcing how accessible and adaptable this operation is for families, investors, and new entrants alike.

This is an offering that appeals across multiple buyer profiles, lifestyle purchasers seeking meaning and income, families wanting a business with structure, investors drawn to land-backed yield, and commercial growers looking for an established platform.

418 APPLEBY HIGHWAY & 4 LANSDOWNE ROAD, APPLEBY
& FLOWER FARM BUSINESS

The Flower Farm

The Flower Farm is a well-established wholesale and retail business with over 20 years of operation across the Nelson–Tasman region. The current owners acquired the business nearly five years ago and have since invested significantly in infrastructure, production capability and customer growth, resulting in a robust, year-round operation with strong turnover and a loyal wholesale and retail following.

The farm comprises approximately 2,700sqm of growing area, including tunnel houses, crop cover houses and glass houses. Notably, it is the only commercial cut-flower tulip producer in the South Island, delivering strong winter returns. Glass houses support hydroponic, year-round production of lilies and roses, with automated feeding and irrigation, recycled water run-off, and winter heating via a coal-fired boiler.

Infrastructure is extensive and well considered, including two three-bay sheds, a large workshop, multiple chillers, freezers and generous parking, with dual access from Appleby Highway and Lansdowne Road. Reliable bore water supplies irrigation needs, complemented by a share in the Waimea Dam water scheme, providing long-term security.

The retail operation is supported by a substantial on-site shop with ample customer parking, chiller room, office, staff facilities and outdoor patio, completing a comprehensive and future-proofed business offering.

- Tulips
- Limonium
- Gypsophila
- Stock
- Snapdragons
- Dahlia
- Eucalyptus
- Magnolia
- Hypericum
- Birds of Paradise
- Sunflowers
- And much more

Customers

The current owners have successfully diversified The Flower Farm into a balanced 50/50 wholesale and retail operation, while maintaining strong in-house production of roses, lilies and tulips. The introduction of part-time florists and an expanded product range has driven retail growth, while broader farm-grown and sourced offerings have strengthened wholesale sales. The business supplies Foodstuffs-approved supermarkets, minimarkets, florists and dairies throughout the South Island, supported by established freight relationships. Prominently positioned on the corner of Appleby Highway and Lansdowne Road, the attractive retail premises benefit from excellent visibility, generous parking and ongoing growth through a strong digital and social media presence.

Staff

The farm employs a skilled and dedicated team of eight staff across a range of year-round roles, supported by seasonal and project-based workers as required. There is also the opportunity to accommodate farmstay workers in exchange for food and board, providing additional operational flexibility.

PERMANENT STAFF

1 x Farm Manager/Owner - Full time
1 x Floriculture Specialist - Full time
1 x Retail/flower processing/florist/customer support - 24 hours p/w
1 x Floriculture assistant - 12-16 hours p/w

1 x Florist/Retail 18 hours p/w
1 x Casual flower processor/retail 4 hours p/w
1 x Casual farm hand 8 hours p/w
1 x Administration assistant 4 hours p/w

Buildings, Plant, Equipment & Land

The farm occupies a prominent corner site on Appleby Highway and Lansdowne Road, comprising approximately 9,216sqm of flat land across two titles at 418 Appleby Highway and 4 Lansdowne Road. An additional one-acre block is leased long-term from St Albans Anglican Church, with the Church supportive of the lease continuing.

Infrastructure is extensive and well established, including a retail shop, processing shed, office, fertigation and pump sheds, multiple workshops and garages, water storage tanks, two walk-in chillers and two walk-in freezers.

SHOP

- Customer parking for six vehicles
- Light-filled, inviting retail shop
- Dedicated florist workspace
- Flower processing area
- Walk-in chiller for storage and customer access
- Office for accounts and administration
