Aranui Private Estate

Set across approximately 7.2 hectares in one of Mapua's most tightly held coastal pockets, Aranui Private Estate is far more than a residence. It is a unique property defined by presence, purpose and abundance. Moments from the shoreline and village, yet privately positioned within fertile, established grounds, this is a property whose true presence and depth are realised only upon arrival.

Constructed with enduring adobe block and designed for both scale and flexibility, the 308sqm main home unfolds with quiet confidence. A generous foyer introduces expansive living and dining zones, anchored by a substantial kitchen and scullery designed for gathering. There is a separate laundry, three bedrooms, two bathrooms plus a WC, and multiple living areas that connect seamlessly to a wrap around covered deck, extending the already impressive floor area and creating effortless indoor outdoor flow. Radiator heating throughout, double glazing and a log fire provide warmth and comfort year round.

Adding rare versatility, the residence includes a fully self contained one bedroom apartment in its own wing, ideal for extended family, guests or income. A self contained sleepout connected to one of the sheds provides further accommodation flexibility, while a private wooden studio surrounded by blooms offers a peaceful creative retreat or dedicated workspace.

The land is both beautiful and functional. Usable paddocks are supported by a shearing shed and stock yards, offering genuine lifestyle farming capability. A large pole shed and bay sheds provide excellent storage and workspace solutions.

Established fruit trees, flourishing flower beds and productive gardens reflect land that is deeply fertile and carefully nurtured. Outdoor living is layered and inviting, with a pizza oven and outdoor fire anchoring spaces where family and community have gathered for years.

Built to host, nourish and bring people together, Aranui Private Estate offers scale, versatility and long-term opportunity—a rare holding of this depth and calibre in this tightly held location.

Viewing is essential to truly appreciate the full scope of what is on offer.
