To: Russell

Please see the current work that has been carried out at 75 Millar Road

Repairs made in August 2026 to your home at the above address:

Repairs and maintenance work was carried out in various areas of the roof. Chimney and vent penetrations were re-flashed and sealed with new aqua seals and back tray flashings.

Repairs made in July 2024 to your home at the above address:

Roof checked and preventative repairs and maintenance work carried out where deemed appropriate. This includes installation of a new (larger) flashing in the small internal valley area above the main bedroom. The new valley tray flashing was sealed with Coltogum compound sealer.
