51 SIMLA AVE, HAVELOCK NORTH

## WOODCROFT

Woodcroft is a rare Havelock North home of genuine architectural significance - originally designed in 1921 by James Walter Chapman-Taylor, and more recently reimaged by Designgroup Stapleton Elliott (2022) to meet the demands of modern family life.

The transformation is clever and respectful - history has been retained, while flow, comfort and connection to the outdoors have been elevated.
