Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There were fewer than three comparable properties sold within the relevant period that were considered sufficiently similar to the subject property in terms of location, property type, land size, accommodation, condition and/or other relevant characteristics. As a result, fewer than three comparable sales were available to be relied upon when determining the estimated selling price.

Sale outcome
