## Reason there are fewer than three comparable properties

[x] **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties were sold

The property requires major renovation and its estimated selling price is primarily based on land value. There have been insufficient comparable sales within the relevant period reflecting the property's condition and estimated price range of $510,000 to $561,000.
