Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Due to the property's unique configuration of three bedrooms and three bathrooms, specifically designed to accommodate NDIS participants, there is a limited number of directly comparable properties within the surrounding market. The specialised nature of the property sets it apart from conventional residential homes, making it difficult to identify three recent sales with similar features, functionality and intended use. As a result, there is insufficient comparable sales evidence to provide three directly relevant properties for this assessment.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
