

Your Loyalty Order is Your Own Personal, Customized Monthly Subscription Box.

dōTERRA is the finest subscription box I've ever received, and the only one with which I continue year after year.

1

Customized for me

I love choosing what I need for the month, every month. With other subscription boxes, the items are chosen for me.

2

Spending less for higher quality, safer products

Replacing toxic, retail-priced, store-bought options with safer, wholesale-priced, plant-based options from dōTERRA feels better. I'm now paying wholesale for my toothpaste, hand soap, body soap, shampoo, conditioner, mud mask, facial care, house cleaner, laundry detergent - and then I use the points I earn each month to receive Essential Oils for free.

3

Tiny minimum order

Unlike other subscription boxes, I choose to purchase what I want - even if it's just one item each month (which never happens, but it's nice to know I have that option). For as few as 5pv (one Toothpaste) I get to keep the points I've earned thus far.

4

Free gifts

Each month, I receive a free product with my order, as long as the order is over 125 pv and ships before the 15th. Which I always do.

5

Far less expensive

I receive 30% off retail prices with my monthly box of wellness, as I earn points each month. The longer you've been with dōTERRA, the more points for free Oils you'll receive. After one year of consistently ordering, I currently earn 30% back on all of my purchases. So every \$100 I spent, I receive 30 points back for future orders.

6

Free shipping

Whatever I spend on shipping, I receive back as free product credits to spend on future orders.

7

Cancel anytime

It's super easy to cancel anytime. But I've been on my monthly order for 5+ years now.
