The Master of Accounting (MAcc) program prepares students for dynamic careers in accounting. Students gain valuable business and leadership skills as they prepare to pass the CPA exam and launch an exciting career in public accounting, corporate accounting, nonprofit, government, or other industry sectors. With a MAcc, graduates are qualified to sit for the CPA exam in Utah and most other states, opening doors to a number of career opportunities.

With full-time and part-time options, a wide-range of areas of emphasis, and program options for those without an accounting background, students from any industry can start or advance their career in accounting with a MAcc from the David Eccles School of Business at the University of Utah.

GET INVOLVED

- Join the Women’s Mentoring Program
  The MAcc Women’s Mentoring Program provides mentorship and female role models to female-identifying MAcc students. Women students benefit from this program by learning from female accounting leaders and attending an accounting-focused women’s conference.
- Explore Accounting Abroad
  Each year, MAcc students have the opportunity to travel abroad to explore international accounting, visit corporations in other countries, and connect with alumni. Past destinations have included London, Oxford, Cambridge, Amsterdam, and Edinburgh.
