One of only a handful of such programs in the world, the Master of Real Estate Development (MRED) program delivers the knowledge and hands-on experience you need to build and sustain a successful career in commercial real estate development. What’s more, the program gives you a unique edge in today’s sophisticated and specialized real estate world, as well as access to some of the industry’s top mentors.

SCHOLARSHIP OVERVIEW
All program applications submitted and completed by the priority deadlines will have first advantage to apply for scholarships. While we tend to award many of our scholarships during the priority period, any remaining scholarships will be awarded to those who are eligible and merit one.

Scholarships require a separate application that will be sent to eligible applicants shortly after receiving an admissions decision. Criteria for selection of awards include demonstrated excellence in academia or professional pursuits, as assessed in your admission and scholarship applications. Availability and amounts of scholarship awards vary year-to-year.

ADDITIONAL SCHOLARSHIP TYPES
• 10% scholarship for all University of Utah alumni (beginning for Spring 2020 applicants)
• Merit scholarships for both resident and non-resident students
• Graduate and teaching assistantships (limited number per year)
MRED students benefit from working one-on-one with a dedicated career coach throughout the program. The MRED career coach helps students make meaningful connections with potential employers as well as provides support throughout the job-search process.

**Employment Success**

**Starting Salary**

$77,400+  
average starting salary of MRED graduates, 2018-2019

**Employment Rate**

95%+  
MRED graduates employed three months post-graduation, 2018-2019

**Build Your Network**

**Mentor Program**

Build key professional relationships early on by joining the MRED mentor program. Students have the opportunity to be mentored by a top real estate professional in working in their area of interest throughout the program.

**Professional Organizations**

In the real estate world, students have access to many opportunities that professionals do not. MRED students can take advantage of reduced access fees for organizations including ULI, CCIM, NAIOP, BOMA, CoreNet, and The Appraisal Institute as they build skills and grow their network.

**Peers, Alumni, & Instructors**

MRED students, alumni, and professors participate in a shared learning experience throughout the program. Students often find that these relationships carry into the professional world, and it’s common for students to do business with peers and alumni during or after the program.

**Increase Your Skills**

**Concurrent Degree**

Students who want to become an expert in real estate financial transactions have the option to earn an MS Finance concurrently with their MRED degree. Learn more at Eccles.link/MRED-Concurrent.

**Travel Experience**

Each year, MRED students have the opportunity to join a study trip and explore real estate in the U.S. or the world. Trips are led by the director of the Ivory-Boyer Real Estate Center and supported by MRED staff and faculty. While traveling, students network with alumni and real estate leaders, applying their classroom knowledge to the real world.

Past trips have toured real estate sites in: Hong Kong | Tokyo | Ho Chi Minh | Bengaluru | Dubai | London | Prague | Rome | Dublin | U.S. East Coast | U.S. West Coast
