The Master of Science in Information Systems (MSIS) Online offers technical education with a business slant. Students gain the skills necessary to manage the technology of business and immediately can apply what they learn to their professions. Industry-driven coursework and opportunities for hands-on experience prepare graduates for leadership positions in one of today’s fastest-growing job sectors. Delivered in an interactive and accessible online format, the MSIS Online is designed for maximum flexibility.

**Quick Highlights**

- 100% Online Classes
- Continue to Work While in School
- Graduate in As Little as a Year
- Attend Full-Time or Part-Time
- Enter Utah’s Booming Tech Market
- Start in Fall or Spring
- Complete 30 Credit Hours
- Option to Take On-Campus Courses

**Benefits of the Online Format**

**School on Your Schedule**
Students complete their coursework when and where they can, planning study time according to their work, travel, and family schedules.

**Stay on Track**
The MSIS Online curriculum is highly structured. Assignments are due consistently throughout the semester, so students can stay on track each week.

**High-Quality Courses**
Online courses feature recorded video lectures and follow the same timeline and rigorous modules as in-person courses.

**Weekly Webinars with Instructors**
Instructors host webinars each week of the semester, where students have the chance to interact live with the class or to watch the recording at a later time.
**EMployment Success**

**Starting Salary**

$79,000

Average starting salary of MSIS graduates, 2019-2021

**Employment Rate**

95%

MSIS graduates employed 3 months post-graduation, 2019-2021 average

**Career Services**

MSIS Online students benefit from working one-on-one with a dedicated career coach throughout the program. The MSIS career coach helps students prepare to enter the growing market for technology professionals as well as teaches a one-credit-hour course on career development.

With strong industry partnerships ranging from Fortune 500 companies to innovative start-ups, our MSIS graduates accept job opportunities at some of the most prestigious corporations in the United States.

**Increase Your Skills**

**Capstone**

Students complete a hands-on capstone as the culmination of their degree. In the capstone, students put their classroom knowledge to work to complete a complex information systems project. Communication and deliverables are accomplished remotely. The capstone is three credit hours completed over three semesters.

**Concurrent Degrees**

Students have the option to earn a Full-Time MBA, Professional MBA, MBA Online, MS Business Analytics or MS Finance concurrently with the MSIS Online program. Learn more at Eccles.link/MSISO-Concurrent.

**Admission Requirements**

**Scholarship Overview**

Applicants with a complete MSIS application by the scholarship deadline are eligible to apply for admissions scholarships. A separate scholarship application will be emailed to eligible applicants after notification of their admissions decision. Criteria for awards include demonstrated excellence in academic or professional pursuits, as assessed in program and scholarship applications.

**10% Scholarship for U of U Alumni**

University of Utah alumni are eligible for a 10% tuition scholarship once admitted to the Eccles School MSIS program. Applicants can qualify for this award by including the University of Utah as their degree-granting institution as well as uploading unofficial transcripts on their program application.
