We’re looking to 2018 with a great deal of excitement because we will be moving into our new Recovery Center and celebrating our 60th year! The following letter that our Chaplin Steve Flack sent to a local pastor states it real well. Please read very closely: we are not a government agency.

We are not a government agency, nor even a social service agency. We are a ministry of rescue, recovery, and renewal through Jesus Christ. We are an outreach of the universal Church, the Body of Christ in the Klamath Basin.

Personal engagement with the life-giving grace of God is the difference between a hand up and a handout. We are not a service organization; we are on a Mission from God.

That Mission is to invest in our community, to grow “life abundantly” (John 10:10). You see, government is very good at spending money, but less successful at investing in people, lousy at demonstrating real loving compassion, and impotent to produce life transformation. That’s why we depend on you, the Church, for God’s provision. Let us “stir up one another to love and good works” (Hebrews 10:24).

So many today feel disenfranchised and overlooked. It’s easier for most of us to read a cardboard sign and hand a dollar out the window than to look someone in the eye, shake their hand, and really connect. Our Mission is to call out the Image of God in the men and women we serve. When we invest dignity, stability, and autonomy in someone downtrodden and dependent, we are building the Kingdom.

People need to see that we care because they matter. All we do is given for the sake of God’s grace, to prove that the Love of God is not a mere platitude, but a real, life-changing power. — Chaplain Steve
Great News
We are recycling Cans and Plastic Bottles

You can help us support the Recovery Program by donating your cans and plastic bottles. The new 2018 Bottle Bill expansion 10¢ deposit is going into effect January 2018. Please participate by dropping off your empty beverage containers.

Most beverages in bottles or cans that are sold in sealed glass, metal, and plastic in sizes from 4 ounces up to and including 1.5 liters will be redeemable.

Examples of common beverages that are included in these container sizes:

- Coffee/tea
- Energy & sports drinks
- Fruit & vegetable juice
- Juice smoothies
- Coconut water
- Protein shakes
- Kombucha
- Cocktail mixers

- Soda
- Beer
- Water
