Event Schedule	11

Welcome to a new year, we look forward to continued growth and the making of new friends. For the second year in a row we have achieved almost 200 members. To me this shows to everyone that HMM is committed to having great facilities and events for its members. Members who come out and enjoy flying and the family atmosphere. We are trying to do the best we can for the club and its members to provide a safe and enjoyable place to fly.

This year we will have several events that we didn't or were unable to have because of unexpected situations last year. Page 11 of the newsletter was dedicated to one of our advertisers Hobby People, which alone paid for all of the expenses involved with publishing this newsletter, they have stopped advertising in all clubs through out California.

May this year be prosperous and great for everyone.

Reminder: Please last one out at the fields, lock the gates.

Mario D Muñiz

Club President

**BOARD MEETINGS 1ST MONDAY OF THE MONTH  
GENERAL MEETING 3RD SATURDAY OF THE MONTH**

**NEXT GEN MEETING JAN 21, 2017 9:00 AM AT AIR PARK**

The Barnstormer is the Official Newsletter of the Hemet Model Masters. It is published monthly for the benefit of its members. Copies are provided to interested individuals, local Hobby Stores and area RC Clubs. Portions of the Newsletter may be reproduced without the permission of the Hemet Model Masters. Acknowledgement of the author or source of the reprinted material is appropriate. Guest and prospective new members are always welcome at the General Meetings and the flying fields. Current Circulation is approximately 220 (email and hard copies included)

## **HEMET MODEL MASTERS BOARD MEETING**

**Minutes for January 2, 2017**

**Meeting called to order by President Mario Muniz at 6:56 pm. Board members present; Mario Muniz, Richard Lawrence, Stewart Robinson, Ralph Torres, Dick Hanke, Jeff Barker, Mark Lewis, Lawrence Vasquez and Scott Boersma.**

**President Mario Muniz started with projects we need to complete that were proposed in 2016. The tables at the Lakeview/Davis field, signage and the possibility of laying down some gravel at the entrance to the field to help getting in and out after heavy rains. The area where the heli/quadcopter pad at the main field, along with one shade structure.**

**We also need to finish cutting down, spraying and dragging the main field. We need to wait a bit until the weather improves.**

**We will be having two IMAC events this year, one in May and the Regionals will be held at HMM sometime late Nov early Dec. We will be looking into setting up all the events for the club and perhaps a new one or two.**

**Discussion was brought up about one of the members of the club that is dissatisfied with the club and the membership. He feels that the club is an unfriendly one and will not be rejoining the club for 2017. However because he likes the facilities he feels that he can return as a guest at least three times and more illegally if he desires. The Board has sent a notice to this member that he will not be allowed to use the club facilities as an ex-member/guest.**

**Also, the Board has decided that the gate code will be changed every Feb 1. The Board decided to extend a "Grace Period" for renewing members until Jan 31 of each year, consideration for holiday expenses, along with AMA renewals and the club is difficult for some of our members.. After Jan 31 an expired membership will be treated as a "New Member" and will have to pay the Initiation again. The new gate code will be sent to all current members and we ask that you do not share this with anyone.**

**President Mario Muniz suggested that John Rigby be given Snow Bird Status, since he is rarely in town and Muir Loftus paid his dues for 2017 but will not be coming down this year from Canada, so his membership will be "frozen" and valid for next year. All board members agreed to implement the suggestions.**

**President Mario Muniz let new Vice-President for 2017 Scott Boersma know that he needs to take a copy of the Board Minutes to the Bank of Hemet where the club has their accounts and sign a new signature card followed by the other three Executive Board members.**

**The projection for any repairs we need to make on the runway is set for 2018. We will be considering improvements that will last for years.**

**A list of members who have not renewed their AMA will be posted at the fields. No one is allowed to fly at our facilities without a current AMA. No Exceptions!!**

**Lastly we would like to thank Lawrence Vasquez who has decided to donate the grill we have been using over the last few months.**

**Meeting adjourned at 8:10 PM  
Members Present 9  
Minutes submitted by Mario Muniz**

**HEMET MODEL MASTERS GENERAL MEETING**  
**Minutes for "December 17, 2016"**

**Meeting called to order by President Mario D Muniz 9:25 am.**

**Treasurer Stewart Robinson gave the Treasurer's Report. Motion to accept by Lawrence Vasquez and seconded by Dick Hanke, voted and approved by all members present.**

**President Mario Muniz called for a motion to approve last months minutes as published in the newsletter. Motion to accept by Jeff Barker and seconded by Vincent Michael, voted and approved by all members present.**

**Old business; The need to repair small tractor was brought up by Mario Muniz and Richard Lawrence and he will look into taking care of it. We also spoke about the need to complete the projects at the Lakeview/Davis field, referencing the tables that need to be built and the disposal of the large wood wire spools. We also need to clear the rest of the weeds, then drag and spray the field to try and prevent future growth.**

**President Mario Muniz spoke to the members present and gave them an update on the display that we had at the Hemet Annual Christmas Parade. A big thanks goes out to Art Chavez and Vincent Michael for their help. If not for them we would have had one aircraft at the display. It is very disappointing to always have the same few individuals help out at these events.**

**We are enjoying facilities that belong to the City of Hemet and we can't give up four or five hours to help out at these events is embarrassing in my opinion. If we don't show some appreciation to the City for what they provide free of charge, then when the day arrives for them to kick us out what will you have to respond with as far as giving back to the community. They don't ask for anything, be grateful and help out when ever you can.**

**Meeting adjourned at 10:17 am Minutes submitted by Mario Muniz**  
**Total Attendance 18 persons**

**Members please pay attention to the policies that you all agreed to abide by.**

**All members when flying should be wearing their membership cards. ANY Guest or 72 mhz must have their AMA Card posted on the Frequency Board.**

**TURBINE, IMAC AND PATTERN MUST USE SPOTTERS. If you need someone to spot for you ASK.**

**Turbine and IMAC guys seem to understand most of the time Pattern guys not so much, lets get with the program guys you know full well why we need this, to watch for full scale coming over us. Lets have a great 2017 with NO PHONE CALLS from any full scale pilots.**

**Desert Warbird event in Coachells**

**Remember the Swap Meet is January 28, 2017.**

*Hemet's Hobby Headquarters*  
**DYNAMIC HOBBIES**  
530 1/2 E Florida Ave. Hemet, Ca.  
**ONE OF THE LARGEST SELECTION OF AIRPLANE KITS AVAILABLE IN  
SOUTHERN CALIFORNIA**  
**OWNER BOB PARCELL 951-925-9331 mel@netzon.net**

#### **IMPORTANT NOTE**

All members are required to carry a first aid kit and fire extinguisher in their vehicles when flying. You never know when you or a fellow member will need some aid. Be prepared!! We strongly urge that no one fly alone.

**CLUB RULE: TURBINE,  
IMAC and PATTERN HAVE A SPOTTER WHEN FLYING**

#### **SELLERS CORNER**

William Tannahill has a P51 for sale with a Saito 180. Asking \$800 619-956-6335

**Members please wear your club card when flying. This means every-one.** Also new guests (per the by laws) are allowed to fly three times, then they must join to use our facilities. Guests and 72mhz flyers must have AMA on frequency board prior to flying!

The Hemet Model Masters will extend courtesy membership to any **“Active Military”** individual allowing them to fly at our club fields as long as they have a current AMA membership.

### **Metropolitan Water District**

**Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.**

### **FAA Guidelines**

- **All aircraft that are flown using a ground control system, such as a transmitter, are required to participate. This includes fixed-wing aircraft, not just multi-rotors or drones. • Any pilot flying models weighing between .55 pounds (or 250 grams) and 55 lbs is required to register. You only need to register once every 3 years.**

**[registermyuas.faa.gov](http://registermyuas.faa.gov)**

### **PROPOSED AGENDA FOR 2017**

**GET OUR OWN GRILL Done thanks to Lawrence Vasquez**

**POWER STATIONS FOR ELECTRICAL GENERATOR**

**COMMITTEES WILL BE DESIGNATED FOR ALL EVENTS AT MAIN FIELD**

**PUBLIC RELATIONS REPRESENTATIVE FOR THE CLUB**

**COMMITTEES TO HANDLE THE TOY AND FOOD DRIVE FOR 2017**

**APPROACH VENDORS FOR ASSISTANCE IN PUTTING ON SOME EVENTS**

**INVITE GUEST SPEAKERS TO GENERAL MEETINGS**

**DESIGNATE AN AREA FOR HELI AND QUAD COPTER FLYING**

**BUILD THE TABLES AT LAKEVIEW/DAVIS FIELD**

**TRY TO FIND VENDORS WISHING TO ADVERTISE IN NEWSLETTER**

**Permanent TFRs issued for major sporting events and Disney properties**

**On October 27, the FAA issued three Permanent Temporary Flight Restrictions (TFRs) creating restrictions for the airspace surrounding major sporting events and the Disney properties in Anaheim CA and Orlando FL. The new flight restrictions permanently prohibit the operation of unmanned and radio-controlled model aircraft within roughly 3.5 miles of both the Disneyland and Walt Disney World theme parks. The restrictions are also in place for a period of one hour before and one hour after major sporting events.**

# HEMET MODEL MASTERS ANNUAL SWAP MEET

***Make room for all the new toys you received  
during the holidays...bring down stuff  
you're not using anymore to our Annual  
Swap Meet.***

***Vendors fee of \$5.00***

***Lunch will be available \$5.00 per person***

***Gate opens at 6:30 am***

***JANUARY 28, 2017  
MAIN AIR PARK***

## SHOW & TELL

sales lately. A 5 Cell 5000 mah for \$50.00 is cheaper than you can get it from Hobbyking.

Mario Muniz let the members know that Hobby People is having some pretty good

# The Crash Zone

## Robert MacGregor Crashed his Taylor-Craft

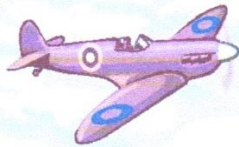

He commented that he was the third owner of the plane and never check the fuel lines inside the tank. They had worn out over time. Engine died at a critical time in flight

# It's Time to Dust Off Those Warbirds and Join Us!!

**SAFETY AT THE FLYING SITES**

**PLEASE ADHERE TO CLUB SAFETY POLICIES, THESE WERE PUT IN PLACE  
BY YOU THE MEMBERS AND A FEW OF YOU CONTINUE TO IGNORE THEM.**

Starting of any engines is north side of yellow line, aircraft facing runway. No taxing in the pits and staying within established perimeters , exceeding 400 ft ceiling. We have full scale aircraft overhead all the time and it only takes ONE incident to lose our field. No flying over the field workers on adjacent properties EVER!

**The Hemet Model Masters
