Embed the Player

- Go to Destinations tab
- Choose media player, web player or wizard player (names may vary)
- Click edit
- Choose custom player option
- Choose size must be at least 450 pxl by 250 pxl, for the custom player. Other players sizes vary.
- You can make longer (than 250 pxl)

Other Settings

Other settings:

- Thumbnail (if added artwork per episode of will default to show art work (cover art))
- Autoplay on or off
- Display newest to oldest or oldest to newest
- Render play list (pull all shows from RSS feed or not and show)
- Choose color for buttons

Add the Code to Your Website

- Save
- Go back to Destinations tab
- Look for player tab again
- Embed code option will appear
- Click on embed code and this will give you the code to embed on our website

*Need to be in text rather than visual mode when added code
