

Maya Angelou Quotes

I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.

If you don't like something, change it. If you can't change it, change your attitude.

There is no greater agony than bearing an untold story inside you.

My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humor, and some style.

Prejudice is a burden that confuses the past, threatens the future and renders the present inaccessible.

Nothing will work unless you do.

Love recognizes no barriers. It jumps hurdles, leaps fences, penetrates walls to arrive at its destination full of hope.
