# Walking with Grandma

We like walking with grandma  
Although her steps were short and slow  
She taught us the beauty of admiring this world  
and those that live in it with us.

We like to walk with grandma  
Her eyes see things we don't  
She told us what she would see  
And most of the time she'd be right.

Grandma is in a better place  
This is what we all must face  
We will say goodbye but just for today  
You're simply just going away.

Timia

## A Mother's Love

A Mother's Love is a love that can never be replaced.

A Mother's love is one that teaches, leads and redirects you when you are veering off track.

A Mother's love sees the light in you no matter how dark you think the path is.

A Mother's love lifts you up and makes sure that you understand that no matter what you are loved.

A Mother's love encourages you to keep moving forward and reminds you where your strength comes from.

A Mother's love is one that is honest and pure.

A Mother's love teaches us to be humble, loving and forgiving.

A Mother's love is ALWAYS making sure that her family understands what it means to accept, and encourage those that God places in our path.

A Mother's love encourages us to love hard.

A Mother's love shows us that life is not perfect but it's what we make of it.

Thank you Mommy for being strong. Thank you for teaching us to be humble.

Thank you for loving the way that you did and teaching us to do the same.

Thank you for teaching us to never give up no matter how many times we get knocked down.

Thank you for helping us to wipe away tears and encouraging us to get back in the world to continue the journey of life.

Thank you for teaching us about God and NEVER letting us steer away from it.

Thank you for always reminding us that no matter what the situation, God is always in control.

Thank you for loving us as hard as you did, never giving up on us and correcting us when we needed it.

Thank you for being a friend, a confidant, a counselor and most of all a Woman of God.
