## Awaiting

by G W (Bill) Marshall

Oh, little girl your stay was short  
You never knew this world of distress,  
But you brought loving comfort,  
To where God chose to bless.

In our quiet times together alone,  
I shall always cherish until that day  
When death shall find me and atone,  
And we both are home to stay.

I shall await and always look forward,  
For looking back brings only tears  
And you are now safe with the Lord,  
Awaiting when I finish my years.
