## “Cousin”

*We've made a lot of memories throughout our childhood days. No worries in this great big world. All we did was play.*

*I knew you would have my back; That I could count on you. Even now since we've grown up, I know that still is true.*

*I can't even remember the first time I saw your face; But I do know within my life no one can take your place.*

*We're there for each other, And we will be to the end. By blood we are cousins; And by hearts we're friends.*
