15 TIPS TO ROMANCE YOUR SPOUSE

1

Using dry erase markers, leave a note to your sweetie on the bathroom mirror.

2

Call your spouse and in a whisper, tell them all the places you'd like to kiss them the next time you see them.

3

Make a list of all the things your sweetheart does for you that you probably take for granted. Thank them for each one.

4

Surprise your spouse with an unexpected gift. It doesn't have to be expensive - just something to let him or her know you were thinking of them.

5

Take \$10 to the Dollar Store and buy your spouse 10 fun gifts that remind you of him or her. Over dinner, give them one at a time and tell why you bought each item.

6

Feed your husband or wife chocolate-covered strawberries that you made yourself. Wash and dry the strawberries and dip them in melted chocolate chips.

7

Circle a day on the calendar and take your spouse on a mystery date. As the day gets closer leave them clues: what to wear, when to be ready, etc. Keep it a surprise.

8

Leave a note in your spouse's car that says, "I can't wait to see you tonight" ... or maybe ... "I can't wait for you to see me tonight!" Then wear something to bed that catches their eye!

9

Send a sexy email or text to your spouse.

10

As he or she heads out for work, give them a passionate kiss. If they want to know what it was for – tell them it's the appetizer for tonight's menu.

Make them a book of coupons that are good for things they like: a favorite dessert, a special meal and you!

12

Go to a local park. Spend some time as a couple. Pack snacks and stay awhile!

13

Tell your spouse you love them every morning and every night.

14

Snuggle (just snuggle!) in bed and tell him or her all the things you admire about them.

15

Compliment your spouse in front of others – especially your kids. You may be the only one in their life who's doing it!
