### OnBoard Webinar Announcement

#### Upgrade Your Board and Committee Meetings: Leveraging Technology Beyond Zoom

June 23, 2020, 8 a.m. Pacific/9 a.m. Mountain/10 a.m. Central/11 a.m. Eastern

Now more than ever, boards are faced with the challenge of meeting and leading virtually while also maximizing their efficiency. To help you rise to the challenge, FCC Services and OnBoard (a Passkey Partner) are hosting an exclusive webinar for our clients and Passkey Members.

- Do you have enough time for the right discussions at your board and committee meetings?
- Are your meetings efficient and effective enough when there always seems to be more to do?
- Are you leveraging technology tools for better information flow?
- Do you struggle to make virtual meetings more interactive, engaging, and participatory?

If you are a board or committee Chair, a CEO or C-level executive, or a board secretary, this one-hour webinar is for you. You will learn about important technology tools and methods you can use to add value to board and committee meetings, and to make those meetings more engaging, interactive, and effective. Whether your are meeting virtually or in-person, you can improve your meetings and maximize the productivity and strategic thinking of your directors by leveraging technology in new and more advanced ways.

**Faculty:** Paul Lockhart, VP, Passageways. Paul is an expert in governance meeting management at Passageways, the developer of OnBoard board meeting management software.
