

Rev. 9/91

This is a detailed exploded view diagram of a mechanical device, likely a portable power tool or a specialized machine. The diagram shows the main body, a motor assembly, a control unit, and various structural components. Key parts include:

- Motor Assembly (Top Left):** Features a motor (22) with a fan, mounted on a bracket (21) with mounting screws (19, 20). It is connected to a drive shaft (23) and a pulley system (24, 25).
- Control Unit (Top Right):** A rectangular box (2) with a control knob (5) and a power switch (7). It has a carrying handle (3) and a power cord (6).
- Main Body (Bottom):** A long, narrow structure (71) with a base (72) and a handle (73). It includes a sliding mechanism (48, 49) and a control panel (46) with buttons (45, 47).
- Structural Components:** Various beams (50, 51, 52, 53, 54), brackets (12, 13, 14, 15, 16, 17, 18, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44), and fasteners (screws, bolts, nuts) are shown in their relative positions.
- Accessories:** A carrying handle (8) and a power cord (11) are shown separately.

The diagram uses dashed lines to indicate the assembly path and alignment of the components. A circular inset at the bottom left provides a magnified view of a specific assembly point involving parts 60, 61, 62, 63, and 64.
