

This exploded view diagram illustrates the assembly of a vehicle chassis and body. The main components are labeled with numbers:

- Chassis Frame (12):** The central longitudinal member.
- Front Suspension (23, 28):** Includes upper and lower control arms, steering knuckles, and shock absorbers.
- Wheels (36):** Two wheels with tires and hubs are shown.
- Body Panels (31, 34, 44):** Front fenders, front door, and rear door.
- Interior Components (43, 45, 46, 47, 48):** Includes a seat, floor plates, and various fasteners.
- Engine/Motor (5):** Located at the rear of the chassis.
- Drive Shaft (6):** Connects the engine to the rear axle.
- Rear Axle (27):** The rear drive axle with wheels.
- Fasteners (59, 65, 70, 71, 74):** Various bolts, nuts, and washers used throughout the assembly.

The diagram shows the spatial relationship between these components, indicating how they are assembled together.
