

This exploded view diagram illustrates the assembly of a hot tub. The main components are shown in their relative positions:

- Top Deck (11):** The uppermost rectangular panel.
- Hot Tub Shell (2):** The main body of the tub, featuring a control panel (25) and side panels (7).
- Control Panel (25):** Located on the front of the tub shell.
- Jet Nozzles (3, 4, 5, 6, 17, 18):** Various sizes and shapes for water jets, distributed around the tub's interior and exterior.
- Internal Components:**
 - Jet Motors (19, 20):** Cylindrical units that drive the water jets.
 - Jet Assemblies (9, 10, 12, 13, 22, 23, 26, 27, 28, 29, 30, 31):** Complex assemblies including nozzles, seals, and mounting hardware.
 - Filter (16):** A cylindrical mesh filter for water circulation.
 - Seals (8, 33):** O-rings and gaskets for water-tight connections.
- Electrical Components:**
 - Control Box (14):** The main electrical control unit.
 - Wiring (21):** A long cable connecting the control box to the power source.

The diagram uses numbered callouts (1-38) to identify each individual part and its assembly location.
