

BEFORE YOU BEGIN

Congratulations for selecting the revolutionary PROFORM® VUE. The VUE is an innovative digital fitness mirror that offers a variety of immersive and interactive workouts designed to help you achieve your fitness goals in the comfort of your own home.

For your benefit, read this manual carefully before you use the fitness mirror. If you have questions after

reading this manual, please see the front cover of this manual. To help us assist you, note the product model number and serial number before contacting us. The model number and the location of the serial number decal are shown on the front cover of this manual.

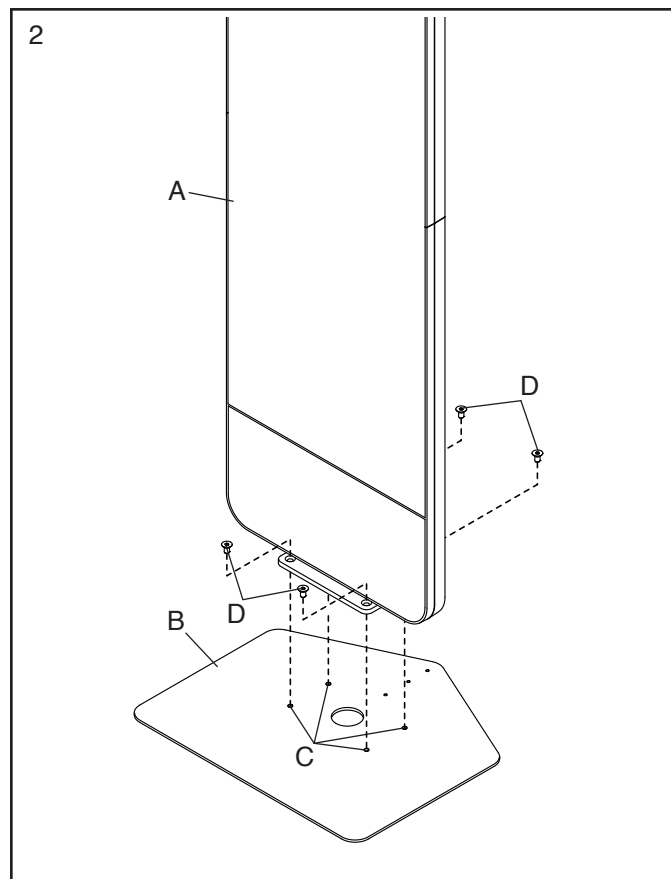

Before reading further, please familiarize yourself with the parts that are labeled in the drawing below.

2. Orient the Mirror Assembly (A) and the Base (B) as shown.

Next, set the Mirror Assembly (A) on the Base (B), and align the indicated holes (C) in the Base with the corresponding holes in the Mirror Assembly. **Be careful to avoid scratching the Base. Have a second person hold the Mirror Assembly until you complete this step.**

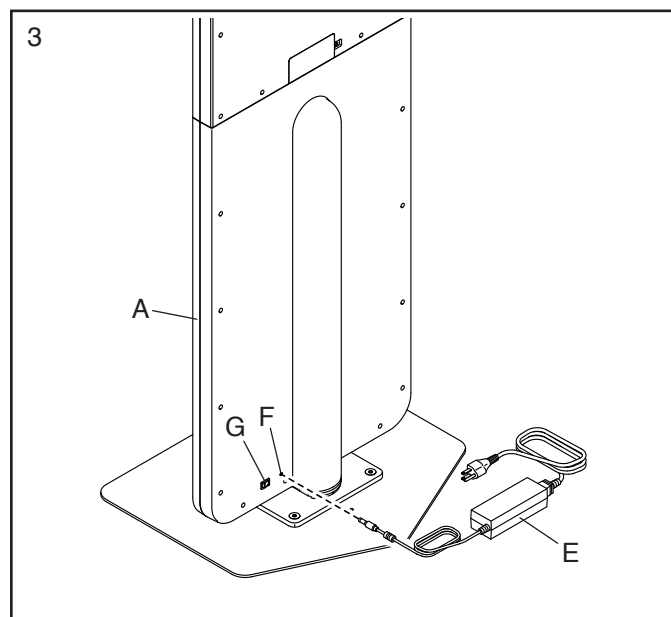

Attach the Mirror Assembly (A) to the Base (B) with four Screws (D). **Start the two Screws in the back of the Mirror Assembly first, and then start the two Screws in the front; then, tighten all four Screws.** Have the second person pivot the Mirror Assembly from side to side slightly to give you access to the front holes.

3. **IMPORTANT: Always plug the Power Adapter (E) into the Mirror Assembly (A) before you plug it into an outlet.**

Plug the Power Adapter (E) into the receptacle (F) on the back of the Mirror Assembly (A).

To plug the Power Adapter (E) into an outlet, see **HOW TO PLUG IN THE POWER ADAPTER** on page 8.

4. **After the fitness mirror is assembled, inspect it to make sure that it is assembled correctly and that it functions properly. Make sure that all parts are properly tightened before you use the fitness mirror.** Extra parts may be included. Place a mat beneath the fitness mirror to protect the floor.
