6. Make sure that all parts are properly tightened before each use of the strength equipment. Replace any worn parts immediately.
7. It is the responsibility of the owner to ensure that all users of the strength equipment are adequately informed of all precautions.
8. All users of the strength equipment should be instructed to report any injury or strength equipment irregularity to facility staff immediately.

BEFORE YOU BEGIN

Thank you for selecting the FREEMOTION EPIC™ BARBELL RACK strength equipment. The strength equipment is designed to provide convenient storage for your barbells.

For your benefit, read this manual carefully before using the strength equipment. If you have questions after reading this manual, see HOW TO CONTACT CUSTOMER CARE on the back cover of this manual.

MAINTENANCE

For optimal performance of the strength equipment and to reduce the chances of injury to users, you must perform preventive maintenance on a regular basis. Instruct all personnel to perform the procedures described in this section. Personnel must also record and report any accident. To maintain the strength equipment's warranty, use only FREEMOTION EPIC parts for repair or replacement. If there are any questions or concerns, see HOW TO CONTACT CUSTOMER CARE on the back cover of this manual.

DAILY MAINTENANCE

1. Clean the strength equipment using a soft cloth dampened with a solution of mild soap and warm water. If necessary, use a soft bristle brush with the cleaning solution.
