

Stereo Speaker Kit

Model No. HRMC98680

Congratulations for purchasing high fidelity speakers for your HEALTHRIDER® treadmill. The patented speakers are amplified and specially designed to boost bass at low volumes for optimal audio quality. To install and operate the speakers, follow the step-by-step instructions in this guide.

Before installing the speakers, please read all precautions and instructions in this guide. If you have any questions after reading this guide, or if there are any damaged parts, please call our **toll-free Customer Hot Line at 1-800-999-3756**, Monday through Friday, 6 a.m. until 6 p.m. Mountain Time (excluding holidays).

Important Precautions

1. Keep the power cord, wires, and speakers away from walkways and heated surfaces.
2. Keep all wires away from moving parts.
3. Clean the speakers only with a soft, dry cloth. Never use abrasives or solvents.
4. Keep liquids away from the speakers.
5. The speakers should be serviced by qualified service personnel if : (a) the power cord is damaged, (b) liquid has been spilled into the speakers, (c) the speakers do not operate normally, or (d) the speakers have been dropped or damaged.

How to Install the Speakers

Before beginning installation, lay all parts in a cleared area and remove the packing materials. **Do not dispose of the packing materials until installation is completed.**

Place the right and left speakers near the front of the treadmill as shown on the front of this guide. Follow the steps below to connect the speakers.

1

Locate the audio wire (K). Plug one end of the audio wire into the INPUT jack on the right speaker. Plug the other end into the jack on the right upright.

Locate the speaker wire (J) attached to the left speaker. Plug the speaker wire into the SPEAKER OUT jack on the right speaker.

Next, plug the power cord (I) into the DC IN 15VDC jack on the right speaker.

2

Plug the transformer (L) on the power cord into a 120-volt outlet.

Refer to the opposite page and make sure that all wires are fully plugged into the appropriate jacks.

How to Operate the Speakers

1. Press the POWER button on the back of the right speaker. The green indicator on the front of the speaker will light.
2. Rotate the VOLUME control on the right speaker to adjust the volume of both speakers. Note: The volume can also be adjusted with the buttons on the console (see the user's manual included with your CD player).
3. Rotate the TREBLE control to adjust the treble response.
