• Not used in all configurations. Quantities will vary depending upon type of configuration.

Assembly Notes (5302 and 5651)

1. Install unit in area where it will be used. Keep all shipping packages near area of installation. Standard items include:

Shipping Package	Model Configuration - 5302	5651
Base Package - 5302-51	1	X
Low Row Assembly - 5302-001	1	X
Low Row Assembly - 5651-001	X	1
Low Row Frame - 5651-50	1	1
Top Weight Package - 4700-010	1	1
Weight Package - 4700S040	1	1
Weight Package - 4700S043	1	1
Cushion Set - 5603-00	1	1

NOTE: For tandem and quad (modular) configurations, follow assembly guidelines listed on either the 5600 Modular Center Post Assembly & Parts instruction sheet or the 5629 Tandem Center Post Assembly & Parts instruction sheet. Also refer to all steps listed below.

2. Read and understand instructions thoroughly before assembling the Low Row. Refer to the exploded-view diagram and parts list when assembling the Low Row.

3. Remove back cover (item #15). Remove pin (item #14) securing cover at the top end, and lift out.

4. Install Pulley mount (item #1).

5. Install column (item #22) to base (item #10). **NOTE:** 5651 configuration does not have a base (item #10) or back cover (item #15).

6. Install frame (item #25) to column (item #22).

7. Install half weight peg (item #18).

8. Install seat cushion, for normal usage use front holes as shown.

9. Install weight stack and top weight.

10. Tighten all hardware.

11. Install rear cover (item #15) if applicable.

12. Route cable as shown in the Cable Routing Detail diagram. **NOTE:** Pulley "D" must be installed with the rear cover open. Pulley "C" installed with guards (item #16) and stop (item #17) to hold rear cover in place.

13. Adjust cable for one inch of free play.

NOTE: This machine shipped with an Owner's Manual. Additional copies can be obtained by contacting your dealer or a Cybex Representative at 1-888-462-9239.
