## BACKGROUND

American College of Healthcare Sciences has been educating industry leading holistic health professionals since 1978. Originally founded in New Zealand, the College has been based in Portland, Oregon since 1989 and is accredited by the Distance Education Accrediting Commission (DEAC), a U.S. Department of Education and Council for Higher Education Accreditation (CHEA) recognized accreditor.

ACHS is one of the few accredited holistic health colleges offering fully online graduate and undergraduate degrees, diplomas, career-training certificates, and continuing education courses in integrative medicine fields, such as aromatherapy, herbal medicine, holistic nutrition, and wellness coaching. For more information about ACHS programs visit [www.achs.edu](http://www.achs.edu).

Our mission is to provide leadership in holistic health education through comprehensive professional online and on-campus education and high-quality natural products with a commitment to sustainable practices and principles. Through our mission, ACHS fosters competence, professionalism, and cooperation in holistic healthcare and works to preserve and share knowledge in natural medicine. We will achieve our objectives through a set of values that respect our students, customers, employees, suppliers and community, and to operate with integrity that is deserving of their trust.

ACHS is committed to providing a safe and secure environment for students, staff, faculty and visitors. Please take a moment to review the information in this report on safety and security at ACHS. It is the responsibility of each and every one of us to report a crime, suspicious activity or other emergencies on campus to the appropriate school official. A truly safe campus can only be achieved through the cooperation of all students, faculty and staff.

## PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

The Annual Security Report is prepared in order to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act. The Annual Security Report report provides statistics for the previous three years, concerning reported crimes that occurred on campus, in certain off-campus buildings, on property owned, leased, or controlled by ACHS, and the public property within or immediately adjacent to the campus. *(Please note that the 2016-2017 ACHS Annual Security Report only includes crime statistics for 2015 as the college was not previously required to prepare an Annual Security Report as previously students did not attend on-campus.)* This report also includes ACHS policies and procedures regarding sexual and gender-based violence, alcohol and drugs, and maintaining a safe campus.

This publication is posted on ACHS's website by October 1 each year. We notify all students, staff, and faculty of the website via email. You can obtain this report online at <https://www.achs.edu/consumer-disclosures>. All current or prospective faculty, staff, and students can obtain a paper copy by calling 800-487-8839, visiting ACHS, or writing to:

ACHS, ANNUAL SECURITY REPORT REQUEST  
5005 SW Macadam Avenue  
Portland, OR 97239

## PROCEDURE FOR REPORTING CRIMINAL OFFENSES

For emergencies and crimes in progress on campus, calls should be made initially to local law enforcement by calling 911. All students, staff, and guests of ACHS are also encouraged to report emergencies and criminal activity, as well as suspicious persons, disruptive behavior and accidents or issues not

necessitating local law enforcement by contacting an Emergency Plan Coordinator either via phone, email or in person. (The full list of ACHS Emergency Plan Coordinators is provided later in this document.)

When making your report of an incident, you will be asked to provide the following information:

1. Description of the incident
2. Date, time and location of the incident
3. Description of the persons or vehicles involved in the incident
4. Detail regarding who was notified about the incident

If you are the victim of a crime and do not want to pursue action within the ACHS system or the criminal justice system, you may still want to consider making a confidential report. With your permission, a designated Emergency Plan Coordinator can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the college can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

## Emergency Plan Coordinators

### 5940 Campus

- Heather Baley, Director of Operations, Shipping & Production
- Natalya Shepeleva, GMP Coordinator

### 5005 Campus

- Tracey Abell, Chief Operating Officer (COO)
- Dominic Aiello, Social Media Specialist
- Renee Long, Communications Specialist
- Kathryn Stone, Director of Student Financial Services
- Lisa Easler, HR Manager and GMP Director
- Amy Swinehart, Dean of Admissions

## ACCESS TO CAMPUS FACILITIES

ACHS buildings and facilities are open to the public Monday to Friday, 8:30 am to 5:30 pm Pacific time and during special events. The college's buildings are secured during non-business hours. The after-hours locking procedure secures the building and is ensured by using a closing checklist, completed and signed by the last person to leave the building. If an unauthorized individual is observed on ACHS premises, employees should immediately notify their supervisor and/or a designated Emergency Plan Coordinator.

## MAINTENANCE OF CAMPUS FACILITY EMERGENCY EQUIPMENT

ACHS designates the following individuals responsible for inspection and maintenance of fire and emergency equipment:

- Tracey Abell, COO

- Tanja Kaneshiro, Executive Assistant to the President
- Joel Strimling, Dean of Freshmen Students

Staff and students can assist by promptly reporting security and safety concerns.

## TIMELY WARNING NOTICE PROCEDURES

To help prevent crimes or serious incidents, ACHS issues Timely Warnings (called Campus Safety Alerts) to notify community members about certain crimes on campus or in property owned or controlled by ACHS that represents a serious or continuing threat to the community. Members of the community who know of a crime or other serious incident should report that incident as soon as possible to the college President, Chief Operating Officer or a designated Emergency Plan Coordinator so that a Campus Safety Alert can be issued.

Campus Safety Alerts are usually distributed for the following Uniformed Crime Reporting Program / National Incident Based Reporting System classifications: major incidents of arson, criminal homicide, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other ACHS community members and a Campus Safety Alert would not be distributed. In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. Sex offenses will be considered on a case-by-case basis depending on when and where the incident occurred, when it was reported, and the amount information known. The COO or their designee reviews all reports to determine if there is a serious or continuing threat to the community and if the distribution of a Campus Safety Alert is warranted. A Campus Safety Alert may also be posted for other crime classifications, as deemed necessary.

The COO or their designee is responsible for writing the Campus Safety Alerts and they are forwarded to the HR Manager for review and approval. Once approved, the COO or their designee sends the alert to the ACHS community using the campus alert systems.

## SAFETY AND SECURITY

Employees and supervisors receive periodic workplace safety training. The training covers potential safety and health hazards and safe work practices and procedures to eliminate or minimize hazards. Additionally, training is provided to employees when responsibilities change or new employees are hired or transferred.

Staff receive crime and safety awareness reminders frequently via the #safety channel on the college’s instant messaging service. Additionally, the Safety Committee provides pertinent updates during staff meetings and following their quarterly reviews.

All on-campus students receive safety training and crime prevention information during their first class sessions. During this time, emergency procedures are reviewed, crime and safety awareness reminders are disseminated and crime prevention tips are discussed.

A common theme of all safety trainings is to encourage staff and students to be aware of their responsibility for their own security and the security of others. ACHS provides the following general security guidelines for all staff and students:

- Outside of general college hours, or if you are in the building alone, keep the external doors locked.

- Keep lights on for safety in the parking lot.
- Lock rooms that are not being used to avoid anyone being able to hide in them.
- If you see anyone in the building that you do not know, ask them if you can help, or who are they here to see.
- You have the authority to ask anyone to leave the premises and to call the police or emergency services at any time when you feel threatened.

## EMERGENCY NOTIFICATION PROCEDURES

To help prevent crimes or serious incidents, and to alert staff and on-campus students to emergency and/or weather related closures, ACHS issues notifications with as little delay as possible. ACHS utilizes a combination of text message, telephone, email, and social media alerts in order to send these alerts. Alerts will be sent to staff and on-campus students enrolled in the current semester. Additionally, notifications will be disseminated to the online student population in the event that the situation interrupts the normal operations of the campus and/or administrative staff.

ACHS follows the closures of the Portland School System for snow days, ice, or other weather related closures. In the event of other emergency or dangerous situations posing an immediate threat to the safety of the campus community, the COO and/or their designee is responsible for confirming the emergency situation and initiating the appropriate response. The COO and/or their designee may consult with outside resources such as local government agencies when making emergency determinations.

The content of any notifications will be the responsibility of one or more emergency plan coordinators, in coordination with the COO. The COO will initiate the campus alert system(s), without delay, taking into account the safety of the community unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or contain, respond to or otherwise mitigate the emergency.

In the event of an emergency or dangerous situation that poses an immediate threat to the safety of the campus community, community members will be given instructions using one of the communication systems or directly from a designated emergency plan coordinator. The instructions will most likely be to either evacuate the building and gather in a designated location or to “Shelter in Place,” locking/barricading doors and windows if necessary.

## EVACUATION PROCEDURES

Continuously lit exit signs designate escape routes, and a layout of the building, with clearly marked escape routes, is posted in each College department. The following steps are followed in the event of an evacuation:

1. If the alarm sounds, or if a supervisor, Emergency Plan Coordinator, or COO and/or President orders the evacuation of the building, everyone is instructed to remain calm, walk to the nearest exit, and leave the building immediately. Note: Your nearest exit is indicated on the emergency evacuation map near the exit closest to the room you are in.
2. If the evacuation situation allows, each person should retrieve his or her personal emergency preparedness kit and cell phone.
3. After leaving the building, proceed to the front of the building and meet in the safest Designated Meeting Area (see next page). Do not leave the area. Do not return to the building. Follow your supervisor and or on-site manager’s instructions.
4. In addition to the continuously lit exit signs, fire extinguishers are wall-mounted under red arrow labels. The fire extinguishers are also marked on the Emergency Action Plan

Escape/Exit Routes map posted in each College department. It is every staff member's responsibility to know the location of the fire extinguishers and to learn how they work. The ACHS Safety Committee Chair is responsible for ensuring the staff is trained in the operation of a fire extinguisher.

## Designated Meeting Place

### **Shipping & Production Facility**

College Parking Lot at 5940 Building

In event the College parking lot is unsafe (i.e., there is debris, fire, or emergency vehicles blocking access), go directly to the secondary designated meeting place, which is the corner of SW Hood Avenue and SW Pendleton Street.

### **ACHS Main Campus**

College Parking Lot at 5005 Building

In event the College parking lot is unsafe (i.e., there is debris, fire, or emergency vehicles blocking access), go directly to the secondary designated meeting place, which is the lot just north of the Campus at 4949 SW Macadam.

## SHELTER IN PLACE PROCEDURES

Sheltering in provides protection from external hazards, minimizes the chance of injury and/or provides the time necessary to allow for a safe evacuation. This should be done by selecting a small, interior room if possible, with no or as few windows as possible. When authorities issue directives to shelter-in-place, do not walk outdoors; take refuge indoors immediately.

A shelter-in-place order may be issued for several reasons:

- Active Shooter
- Severe weather
- Hazardous materials
- Civil Unrest
- Hostage situation
- Or any situation where it is best for you to stay where you are to avoid any outside threat.

When this occurs:

- Remain CALM.
- Faculty should recommend to students and others to stay inside.
- Select a small interior room with no or as few windows as possible.
- Close and lock all windows, exterior doors, and any other openings that lead to the outside.
- Stay away from all windows, doors.
- If you are told there is danger of explosion, close the window shades, blinds, or curtains.
- Select interior room(s) above the ground floor, with the fewest windows or air vents.
- Room(s) should have adequate space for everyone to be able to sit down comfortably.
- Avoid overcrowding by selecting several rooms when necessary.

For severe weather and civil unrest:

- Stay inside and move away from windows.
- Close and lock all exterior doors and offices.
- For extreme weather, relocate to lower levels in the building

## Responding to an Active Shooter on Campus

An active shooter is a person who appears to be actively engaged in killing or attempting to kill people. In most cases, active shooters use firearm(s), and there is no pattern or method to the selection of victims. These situations are dynamic and evolve rapidly, demanding immediate deployment of law enforcement resources to mitigate harm to innocent victims and stop the shooting.

If an active shooter is outside the ACHS building:

1. Proceed to a room that can be locked, close and lock all doors, and turn off all the lights.
2. Employees/students should get on the floor so that no one is visible from outside the room.
3. Call 911 to inform a dispatcher of what is happening and your location.
4. Remain in place until the police or the COO and/or President gives you the “all clear.” Unfamiliar voices may be the shooter attempting to lure victims from their safe place.
5. Do not respond to any voice commands until you can verify with certainty that the commands are being issued by a police officer or the COO and/or President.

If an active shooter is in the building with you or enters your work area:

1. Try to remain calm.
2. Determine if the room you are in can be locked and if so, follow the same procedure described in the previous numbered list.
3. If your room cannot be locked, determine if there is a nearby location that can be secured and safely reached. Or, if you can, safely exit the building.
4. Call 911 and inform a dispatcher of what is happening and your location. Or, if you cannot speak, leave the line open so the dispatcher can listen to what is taking place.
5. If you decide to move from your current location:
  - a. Make sure you have an escape route and plan in mind.
  - b. Do not attempt to carry anything while fleeing.
  - c. Move quickly, keep your hands visible, and follow the instructions of any police officer you may encounter.
  - d. Do not attempt to remove injured people; leave wounded victims where they are and notify authorities of their location as soon as possible.
  - e. Do not try to drive off campus until advised it is safe to do so by police or campus administrators.

What to expect from responding police officers:

- Police officers responding to an active shooter are trained to proceed immediately to the area in which shots were fired or heard; their purpose is to stop the shooting as quickly as possible.
- First responding officers will normally be in teams of four; they may be dressed in regular patrol uniforms or they may be wearing external bulletproof vests, helmets, and other tactical equipment
- First responding officers may be armed with rifles, handguns, pepper spray, or tear gas to control the situation
- Remain calm and do as the officers tell you; do not be afraid of them
- Put down any bags you may be carrying; keep your hands visible at all times
- If you know the shooter’s location, tell the officers
- First responding officers will not stop to aid injured people; rescue teams (typically composed of other officers and emergency responders) will follow the first responding officers into secured areas to treat and remove injured people
- Keep in mind that even once you have escaped to a safer location, the entire area is still a crime scene; usually, police will not allow anyone to leave until the situation is fully under control and

- all witness have been identified and questioned
- Until you are released, remain at whatever assembly point authorities designate

## Procedures for Testing Emergency Response and Evacuation Procedures

Emergency response and evacuation procedures are tested at least twice each year for both the 5005 and 5940 campuses and are coordinated by the Chair of the Safety Committee. Staff and on-campus students are not notified in advance of the testing.

The purpose of the evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. During the drill, occupants practice emergency procedures and familiarize themselves with the location of exits and evacuation routes. Additionally, drills ensure that designated Emergency Plan Coordinators are familiar with their role in the emergency response and evacuation procedures. The drills are monitored by members of the Safety Committee to evaluate and make recommendations for improvement to established procedures. Documented records of emergency response and evacuation procedures are included within the Safety Committee meeting minutes and include a description of the exercise, the date, the time, and that the test was unannounced. The Safety Committee also maintains a log of all emergency training, drills and exit light testing.

## CRIMINAL ACTIVITY AT OFF CAMPUS LOCATIONS OF STUDENT ORGANIZATIONS

ACHS does not have any officially recognized student organizations with off-campus locations.

## ALCOHOL AND SUBSTANCE ABUSE POLICY

ACHS is committed to providing a drug-free, healthful, and safe learning environment for students. In accordance with federal, state, and local law, the illegal use, abuse, possession, manufacture, sale, transfer, or distribution of drugs by students and staff while on campus or at any ACHS-sponsored event is prohibited.

The possession or use of alcohol by students or staff on campus is also prohibited except when approved for an ACHS-sponsored event. In such instances, alcohol may not be served to or consumed by any person who is under the age of 21 or any person who appears to be intoxicated.

In addition to penalties imposed under federal, state and local law, students who are alleged to have violated this policy will be subject to ACHS's Student Code of Conduct disciplinary actions as outlined in the ACHS Program Catalog up to and including expulsion and referral for prosecution. Students should consult their local authorities for information regarding criminal and civil penalties related to the use of illicit drugs or alcohol abuse. Staff in violation of the ACHS Drug and Alcohol policy may be subject to disciplinary action.

Staff and students with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their primary care physician or other local healthcare or mental health professional. Students experiencing instances of substance abuse are urged to seek assistance from local resources.

The ACHS Registrar's Office provides an annual distribution of information related to the ACHS Drug and Alcohol Use policies including:

- Prohibition of illegal use, abuse, possession, manufacture, sale, transfer or distribution of drugs by students while on campus or at any ACHS-sponsored event
- Possible legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol
- Health risks associated with the use of illicit drugs and the abuse of alcohol
- Information regarding resources for counseling, treatment, or rehabilitation services available to students
- Disciplinary sanctions for students that violate the ACHS Code of Conduct up to and including expulsion and referral for prosecution

This policy is reviewed biannually by the ACHS academic teams and Board of Directors.

## **SEXUAL OFFENSE AND SEXUAL HARRASSMENT POLICY**

ACHS is committed to maintaining an environment supporting of its educational mission and free of exploitation and intimidation. All forms of sexual offense and/or sexual harassment of students, prospective students, or employees, including but not limited to crimes of dating violence, domestic violence, sexual assault and stalking is unacceptable conduct and will not be tolerated. ACHS enforces this policy through internal disciplinary and grievance procedures and encouragement of external prosecution through the appropriate law enforcement officials.

### **SEXUAL OFFENSE DEFINITION**

Sex offenses covered under the school's policy include any sexual act directed against another person forcibly and/or against that person's will, or not forcibly or against that person's will where the victim is incapable of giving consent due to his/her youth or temporary or permanent mental or physical incapacity.

### **SEXUAL HARASSMENT DEFINITION**

Sexual harassment includes unwelcome sexual flirtations, advances or propositions, requests for sexual favors, verbal abuse of a sexual nature, subtle pressure or request for sexual activities, unnecessary touching of an individual, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, a display in the school of sexually suggestive objects or pictures, sexually explicit or offensive jokes, physical assault and other verbal, visual or physical conduct of a sexual nature, domestic violence, dating violence, sexual assault, and stalking.

### **DATING VIOLENCE DEFINITION**

Dating/Relationship Violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; the frequency of interaction between the persons involved in the relationship.

### **DOMESTIC VIOLENCE DEFINITION**

Domestic Violence includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound.

## **SEXUAL ASSAULT DEFINITION**

Sexual Assault is any type of sexual contact or behavior that occurs without the explicit consent of the recipient. Falling under the definition of sexual assault are:

- attempted rape;
- rape, forcible sodomy, or forcible sexual penetration, however slight, of another person's anal or genital opening;
- touching of an unwilling person's intimate parts (defined as genitalia, groin, breast, or buttocks, or clothing covering them); or
- forcing an unwilling person to touch another's intimate parts.

## **STALKING DEFINITION**

Stalking is a pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear.

Examples of Stalking may include, but are not limited to:

- repeated unwanted, intrusive, and frightening communications from the perpetrator by phone, mail, and/or e-mail;
- repeatedly leaving or sending victim unwanted items, presents, or flowers;
- following or laying in wait for the victim at places such as home, school, work, or recreation place;
- making direct or indirect threats to harm the victim, the victim's children, relatives, friends, or pets;
- damaging or threatening to damage the victim's property;
- harassing victim through the internet;
- posting information or spreading rumors about the victim on the internet, in a public place, or by word of mouth;
- obtaining personal information about the victim by accessing public records, using internet search services, hiring private investigators, going through the victim's garbage, following the victim, contacting victim's friends, family, work, or neighbors, etc.

## **CONSENT DEFINITION**

Consent is informed, freely given agreement, communicated by clearly understandable words or actions, to participate in any form of sexual activity. Consent cannot be inferred from silence, passivity, or lack of active resistance. Consent must be given by a person with the ability and capacity to exercise free will and make a rational, reasonable judgment. A current or previous dating or sexual relationship is not sufficient to constitute consent, and consent to one form of sexual activity does not imply consent to other forms of sexual activity. It is the responsibility of the person who wants to engage in the sexual activity to ensure that s/he has consent of the other to engage in the activity. Consent must be present throughout sexual activity and may be withdrawn at any time. Consent cannot be obtained by the use of physical force, threats, intimidating behavior or coercion. Having sexual activity with someone you know or should know is incapacitated is a violation of this policy.

## **BYSTANDER INTERVENTION & RISK REDUCTIONS**

ACHS students and staff members are provided with training that includes descriptions of safe and positive options for bystander intervention and risk reduction.

Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. ACHS encourages all members of its campus community to take a stand against sexual violence by being aware of their surroundings, recognizing when someone needs help, and taking action when it is safe to do so.

Risk reduction strategies covered in staff and student trainings include having a clearly defined “plan” when entering situations that may increase risk, communicating clearly, watching out for others in the community, and diffusing heightening situations.

## **REPORTING SEXUAL ASSAULT AND/OR SEXUAL HARASSMENT**

Any student, prospective student, or employee who feels that he or she is a victim of sexual assault or sexual harassment by any student, applicant, or employee should first get to a place of safety and obtain any necessary medical treatment. ACHS strongly encourages victims of sexual assault to report the incident to the police as soon as possible and if requested, ACHS will assist with notification of law enforcement. Victims of sexual assault should preserve all physical evidence. Time is a critical factor for evidence collection and preservation.

ACHS strongly encourages any victim to report the matter immediately to either their supervisor (if the victim is an employee), a designated Emergency Plan Coordinator, and/or the college’s HR Manager. ACHS makes every effort to ensure that all sexual assault and/or sexual harassment reports file remain confidential. Please note that in some cases, disclosure may be required by law.

ACHS will provide victims of dating violence, domestic violence, sexual assault or stalking with written documentation of their rights and options.

Victims of a sexual assault or sexual harassment may request a change in their academic arrangements by contacting the Dean of Students. Changes will be made if feasible and reasonable to do so.

Disciplinary procedures and sanctions as outlined in the Student Code of Conduct (published in the ACHS Program Catalog) and Employee Handbook will be followed once charges are brought after an alleged sexual assault. Both the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing. Disciplinary proceedings will include a prompt, fair and impartial process from the initial investigation to the final result. The proceedings will be conducted by official who receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of the victims and promotes accountability. In making its determination, the college will apply a preponderance of the evidence standard, in other words, whether it is more likely than not that a violation has occurred. Both the accuser and the accused, have the same opportunities to have others present during any institutional disciplinary proceeding. Both parties will be informed of the results of any disciplinary proceedings conducted as a result of an alleged sexual assault and/or sexual harassment.

Sanctions for a finding of responsibility include, but are not limited to, expulsion, suspension, disciplinary probation, recommended counseling, and/or other educational sanctions. The hearing body will determine the sanctions, first considering whether expulsion (permanent removal) from the university is appropriate. While expulsion is the starting point for consideration, the hearing body has discretion to decide that (a) different sanction(s) is (are) appropriate. Factors pertinent to the determination of what sanction applies include, but are not limited to, the nature of the conduct at issue, prior disciplinary history of the respondent (shared with a panel only upon a finding of responsibility for the allegation), previous college response to similar conduct, and college interests (e.g., in providing a safe environment for all).

## **RIGHTS OF VICTIMS**

Reports of alleged sexual misconduct in violation of this policy may be supported by appropriate immediate interim measures coordinated by the Title IX Coordinator, Deputy Title IX Coordinator for Student Life, and/or a designee. When appropriate, the college may provide interim measures prior to completion of its investigation.

Interim measures may be requested by the Complainant and the Respondent and may include the following:

- assistance in transferring to another section of a course;
- assistance in arranging for incompletes, leaves, or withdrawal from campus;
- assistance in arranging for alternate ACHS employment arrangements;
- “no contact” directive pending the outcome of the investigation. Such a directive serves as notice to both parties that they must not have verbal, electronic, written or third party communication with one another

## **SEXUAL OFFENSE PREVENTION & AWARENESS PROGRAMS**

ACHS provides all employees with annual sexual offense prevention and awareness training. All new employees are required to complete the training upon hire. Additionally, all employees are required to complete an annual training, typically conducted in the fall.

Sexual offense prevention & awareness training for employees are designed to help employees understand what constitutes sexual harassment and sexual violence and discusses Title IX, Clery Act, and other relevant legislation. The training provides employees with key policy and procedure information, an understanding of the employee’s role in preventing and reporting sexual misconduct, and training on bystander intervention.

All new students are required to complete sexual offense prevention and awareness training as part of the mandatory New Student Orientation program. Additionally, all students are provided with annual training, made available each fall in the online classroom environment.

Training for students is designed to build awareness of sexual misconduct definitions and regulations and to provide students with tools they can use to help prevent sexual assault, including training on bystander intervention. Additionally students are provided with resources for filing complaints and reporting offenses.

### **RESOURCES FOR SEXUAL ASSAULTS**

## CAMPUS SEX CRIMES PREVENTION ACT

The Campus Sex Crimes Prevention Act requires sex offenders already required to register in a State to provide notice, as required under State law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The act requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems.

This act amends the Higher Education Act of 1965 to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained.

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

To check registered sex offenders in Multnomah County go to:  
<http://sexoffenders.oregon.gov/>

To check registered sex offenders in a state see the State Sexual Offender Registry List section.
