<p>State Licensing Requirements</p>	<p>If you are interested in pursuing a career in the health and wellness industry, you should consult with the appropriate</p>

state board to assure that your credentials will allow you to achieve your professional goals.

Aromatherapy Specialization: An aromatherapy certificate, diploma or degree provides graduates with useful skills that may enhance a current career path or offer opportunity to work in the holistic health and wellness community, however, graduation from an aromatherapy program does not convey any sort of license to practice. Currently, there are no licensing requirements for aromatherapists in the United States. There are membership and registration options in the industry and these can be reviewed online at achs.edu. Additionally, aromatherapists may not claim to treat, diagnose, or cure any illness, because doing so may be considered practicing medicine without a license and a violation of State Medical Practice Acts. Prior to enrollment, students are solely responsible for confirming that the certificate, diploma or degree program in which they enroll will meet their personal and career objectives.

Herbal Medicine Specialization: An herbal studies/herbal medicine certificate, diploma or degree provides graduates with useful skills that may enhance a current career path or offer opportunity to work in the holistic health community, however, graduation from an herbalism program does not convey any sort of license to practice. Currently, there are no licensing requirements for herbalists in the United States. There are membership and registration options in the industry and these can be reviewed online at achs.edu. Additionally, herbalists should be cautious in claiming to treat, diagnose, or cure any illness, because doing so may be considered practicing medicine without a license and a violation of State Medical Practice Acts. Prior to enrollment, students are solely responsible for confirming that the certificate, diploma or degree program in which they enroll will meet their personal and career objectives.

Nutrition Profession: If you are interested in pursuing a career in nutrition or dietetics, please note that many states have enacted laws that regulate the practice of dietetics and nutrition services. ACHS provides summary disclosures for all states online at <https://www.achs.edu/nutrition-state-law-disclosures>.
