REASON FOR SEEKING A SCHOOL COMMITTEE POSITION

I am committed to the success of our parish and school and believe strongly in upholding the values of the Catholic Church. I believe a dedicated, creative school committee leads to an involved parish community, a strong school and in turn an excellent education for our children-the future of the St. Ignatius parish.

With an extensive background in event planning & promotion and marketing, I will bring fresh, innovative ideas for fundraising, volunteer recruiting and community involvement.

REASON FOR SEEKING A SCHOOL COMMITTEE POSITION

I want to make sure my children and all the other children at Saint Ignatius receive the best, safest, Christ-centered education possible so that they can achieve anything they want in life.

The honest answer here is that I've worked my way through the ranks at P&G over the last 15 years to make it to where I am today. I, like many other working parents, have struggled with the challenge of balancing career while being present for my family and giving back in many many ways as possible. My husband is actively involved in the cafeteria and as a sports coach, but this mom has mostly been supportive as a volunteer in the classroom, sending in supplies, helping in the concession stand and cheering on sports teams. I also believe this gives me a unique perspective to offer to the School Committee as a working mom, at an executive level at P&G who does everything possible to be a great role model for my family.

REASON FOR SEEKING A SCHOOL COMMITTEE POSITION

I would like to get more involved now that I'll have 2 children there. Service is important to me, as it was instilled in me as a young child, and I feel this is a great way to give back and provide my time and serve the school.

I have volunteered for school parties and everybody counts. I've helped coach soccer previous years. We have helped on field clean up days with the athletic association.

ADAM LOHBECK

REASON FOR SEEKING A SCHOOL COMMITTEE POSITION

I feel that my experience as a teacher, principal, and now as Director of Operations for a school district would be helpful in guiding the policies, procedures, and key decisions at St. Ignatius. We have a great foundation and looking for ways to build on that success to improve the school experience rather than stay complacent is important. Given our current financial situation, my experience in working within a budget to save money in one area so that another area can improve or a program can be added could be increasingly pertinent.

PARTICIPATION IN CIVIC/CHARITABLE ORGANIZATIONS

I entered into public education to help students of all backgrounds and continue to do so. I've supported, planned, and/or actively assisted in several of the fundraising efforts in my school districts during my career.

I created a charity basketball game at Monfort Heights Elementary that raised thousands of dollars each year and eventually connected with Johnson Investments who matched our student donations and played against our staff in the game.

I've supported my students outside the classroom as both a teacher and administrator with events such as the Kid's Flying Pig, Girls on the Run, Days of Service, and various Food and Clothing Drives among others.

NICK VAN ZILE

REASON FOR SEEKING A SCHOOL COMMITTEE POSITION

I am the father of three boys: Oscar, George, and Wally. Oscar is in kindergarten at St. Ignatius and the younger two will be following. My current position is the Vice President of Midwest Operations at The Job Center Staffing. Previously, I was the Interim Athletic Director at St. Xavier High School.

I want to help with the direction of an already great school and help sustain that excellence for my three children that will be going thru the school. My middle son George has some developmental delays and hearing loss and I want to help be a voice for all those parents that have a student with learning disabilities.
