

## BIKE HELMET ORDER FORM

One child out of every seven will receive a head injury as a result of a bicycle crash, which is why Margaret Mary Health wants to encourage everyone to be safe while riding a bike. It's extremely important to wear a helmet to prevent serious head injury.

Your child's school has partnered with Margaret Mary to provide bike helmets for only \$5.00. Helmets meet industry-regulated standards and come in a variety of colors and sizes.

Helmets will be delivered to your child's school in May, just in time for summer. We encourage you to purchase helmets for your entire family.

If you would like to order, simply complete this form and include it along with your payment (cash or check made payable to Margaret Mary Health) in an envelope labeled 'Bike Helmet.'
