

*In memory of Boden Reischl*  
*4/27/09 - 4/14/21*

Boden suffered an unexpected severe medical event that has taken him from us. Boden was an exceptional 11-year-old boy, amazing son and brother, loving cousin and loyal friend. He was often described as an “old soul”. Everyone knew Boden would always make the world a better place. We just didn’t realize his life’s impact would be felt at such a young age. Boden’s family has made a very powerful decision to make him an organ donor. He is now more than just our guardian angel!

Here are a few ways to lend support:
