

# BROKEN MARY

From Chicago, to Grand Rapids, to Rome,  
and back again.

*Renowned radio host and speaker Kevin Matthews, shares his story of healing amidst brokenness.*

**WED, APRIL 29TH**  
**6:30 PM - St. Stanislaus Church**

It all began when God lead Kevin Matthews to a dirty dumpster in 2010, where he discovered a broken and dirty statue of the Blessed Mother. Before this Divine Intervention by God, Kevin was one of the most popular radio personalities in America. Kevin changed the way the Midwest listened to radio and had over 10 million listeners while he worked on the iconic radio station The Loop. But Kevin soon learned, whatever is man made comes to an end. His radio career began to end, doctors told him he may die of cancer, and his new boss said “Your fired.” Kevin was becoming totally broken, but God had other plans for him.

A movie about Kevin was recently released in theaters, called Broken Mary, the story of Kevin Matthews. Recently Our Holy Father, Pope Leo, was touched by the Broken statue of Our Holy Mary. The Pope blessed this holy icon and granted her the title, “Our Lady of The Broken.” Kevin has now become one of the most sought after speakers in America, and he, with the help of Our Lady, seek to give hope to all who are broken.
