We are grateful to God for His grace and provision.

Continuing with ministry in the midst of the continuing COVID-19 pandemic would not be occurring but for Him.

In our COVID-19 environment, in-person MINISTRY EVENTS must and can continue; they are critical to our continuing spiritual, mental, and emotional health. The goal with in-person events is to hold successful, safe, rejuvenating experiences. We are confident that, as members of the Body of Christ, God is giving us the grace to ensure the wellbeing of ourselves and others. **It's time to encounter the Lord!**

THE COVID-19 CONTEXT

COVID-19, a new type of coronavirus, has been declared a worldwide pandemic by the World Health Organization. Though the science behind COVID-19 continues to evolve, it is reported to be contagious, and is currently thought to spread predominantly from person-to-person contact. Further, it appears an individual may be infected, show no symptoms, but nonetheless be capable of spreading the virus. At present, the exact methods of virus spread and contraction are not fully understood. Further, there is no known treatment, cure, or vaccine. Evidence has shown that in some individuals, COVID-19 can cause serious/potentially life threatening illness, and even death. But as Colorado emerged from its 2020 stay-at-home/safer at home phase, prevention methods have been identified and can be taken.

As federal, state and local jurisdictions have monitored and evaluated COVID-19, state and local county/city agency guidance has been issued on day-to-day in-person interactions and advised practices. Consistent with this guidance, the Archdiocese, its ministries and its parishes are grateful for the interest in attending in-person ministry events and are committed to preventive practices when it comes to combatting the spread of COVID-19.

The Archdiocese, its ministries and its parishes have therefore adopted and follow applicable mandates, protocols and guidelines issued by those entities that are guiding in-person activities locally and nationally. But success requires disciplined cooperation by all; it is therefore incumbent upon participants to follow the protocols and guidelines outlined below, as well as any additional protocols that Ministry Event hosts identify at their local venue level as part of virus prevention measures.

How do we program success and safety for events? Success and safety are dependent on mutual respect, compassion, patience, discipline and attentive cooperation between ministry leaders, youth participants and their families, and adult participants.

Before an individual commits to personally participating in a Ministry Event, or having their minor child participate in a Ministry Event, they are asked to first carefully review the information, protocols and guidelines in this material, and then engage in the [Pre-Ministry Event At-Home COVID-19 Health Screening Guide](#) (see **Appendix I**) to determine whether attendance is advised. If an individual ultimately determines that he/she (or their minor child) can participate in the Ministry Event, the individual must then execute the [Participant Acknowledgment of Risk AND Commitment](#) form (see **Appendix II**).

Protocols & Guidelines

COVID-19 Ministry Event Programming

- **INDIVIDUAL HEALTH PRESCREENING BEFORE THE MINISTRY EVENT**

- **RESTROOMS.** If available at the venue, restrooms will be open but Social Distancing is to be observed.

- **DEPARTURE ETIQUETTE and POST MINISTRY EVENT GUIDELINES**

- Participants are to continue to wear masks and observe Social Distancing upon departing the venue.
