you can make a difference

Support the important work of Essential Pregnancy Services (EPS) with your financial contribution! EPS Baby Bottles is a fundraiser offering members of our community an opportunity to help women who are pregnant and under-supported. The fundraiser can also serve to help start the conversation with children on the value of all human life - born & unborn. While filling a baby bottle with coins, cash, or checks to benefit women who are facing a pregnancy crisis, we can teach children how they can make a difference in the lives of others.

tips for talking to children

Focus on the value of human life from conception to natural death.

Teach your children about the dignity and intrinsic worth of every human being, no matter how small or different they may be from them.

Share how filling a bottle and returning it to their classroom/church is making a difference in a mother's life and helping to provide important services and materials for families in need.

Involve the whole family/group in talking about EPS Baby Bottles and discuss how you can provide ongoing support to EPS after this fundraiser is over.

ESSENTIAL PREGNANCY SERVICES provides cost-free, life-affirming, holistic support to women experiencing unplanned and under-supported pregnancies.
