

Holy Family Parish Learning Center Planning Summary

Learning Center Update

The results of our campaign planning study are in!

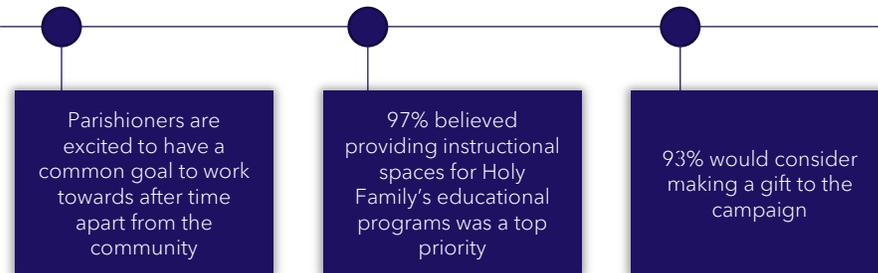

From March to May, Holy Family sought additional input from our parishioners on the plans to raise funds to build improved educational spaces and expand gathering spaces for our parish community. Through 39 strategic conversations, on-going conversations with the architectural firm, and prayerful reflection, Holy Family has assessed our readiness to move forward with a major fundraising campaign.

Holy Family is truly blessed by the dedication and guidance you have offered as we embark upon this important project. The study has illuminated the path before us. We are now in the beginning stages of our campaign planning efforts. We will begin with conversations to secure seed funding for the project. In the coming months, everyone will have the opportunity to respond to God's grace with their own gifts of time, talent, and treasure as the campaign progresses.

Thank you in advance for your support!

Results and Evaluation

The most critical findings from the planning study include:

Next Steps

The responses we received were very encouraging. We learned parishioners agree that building a home for faith formation adjacent to the church is critical to the long-term sustainability of our parish.

We also recognize the unique circumstances brought on by COVID-19 and the impact the pandemic has had on the Church and the celebration of mass. We will progress carefully and intentionally.

The needs this project addresses will only become more acute with time. To prudently prepare for our future, we are moving forward with campaign planning and initial conversations to request seed funding for the Learning Center.

In the coming months, you will receive additional information about the final building plans and learn more about how everyone will be asked to participate in the campaign.

We look forward to the broad participation of our congregation and appreciate your prayers for the success of this effort.
