# A MESSAGE FOR OUR EARTH

RETREAT CENTER

## Movie at the Mission

**Thursday March 2, 6:30pm-8:30pm**

### The Letter: A Message for Our Earth Lent and a Journey of Ecological Conversion

Join us this Lent to watch *The Letter: A Message for our Earth*, a new engaging and inspiring documentary featuring Pope Francis. The film follows a small group of people from around the world who are directly impacted by the ecological crisis and working to solve it. The powerfully moving personal stories showcase how shared values call us toward taking action to care for our common home.

Following the movie, we'll have time for reflections and conversation about how we can take action for our common home as individuals and as a community. We'll also explore how ecological conversion can be part of our spiritual journey this Lent.

*This is a FREE event with registration.*
