## What We're Learning!

- We are working with the color Orange! We learned a new song to help us remember the color and talked about lots of things that are orange. We also started working on our Orange books.
- We also learned about the shape: Oval! It used to be a circle until we squished the top and bottom to make an Oval, like a football or egg!
- This week the kids used scissors for the first time on an art project. They all did so good! We will continue to practice at school and if you have scissors at home you can draw simple lines on a piece of paper and let them cut for fun.

- **Halloween Party!** Our Halloween Party is October 28th @ 10a.m. We will begin putting costumes on at 9:45 a.m. Parents are welcome to join us this year and we would love to have you all!

- We will be investigating Pumpkins starting on Monday!
- If anyone has any pumpkins you want to get rid of we can use them in the classroom.
