

The Hardest Workers: Identify Learning Difficulties, Create Solutions & Improve Results

Tue, Nov 5th, 2019
9:15 – 11:15a
14603 E Fremont Ave
Centennial, CO

and an evening
presentation

Tue, Nov 12th, 2019
6:30 – 8:30p
14603 E Fremont Ave
Centennial, CO

Identify and overcome student learning difficulties

- Is it normal for my student to spend this much time on homework?
- Should my student be working this hard just to get by?
- Are our arguments around homework normal?

Remove learning obstacles for your student

- Identify differences in learning trajectory and how to spot student challenges
- Learn how to better support your child through the “homework struggle”
- Understand when to get help and eliminate worry for you and your student

About our speaker

Corey Pollard. Corey is an educational diagnostician and consultant with 10+ years in leading research and clinical institutes including Johns Hopkins University, Children’s Hospital Colorado, and the University of Denver. She’s completed research and clinical work bridging the science of student development, and brings a career focused on brain functionality, student classroom performance, and best practices to close performance gaps. Corey’s private practice specializes in specific educational learning disabilities.

Parents, educators, and community members are welcome and encouraged to attend PIN’s **FREE** presentations. No need to RSVP—just come!
