Thank you to everyone who participated in St. Therese's recent campaign planning study. We received a wonderful response from the community and gathered vital feedback that will help us make the best decisions for the future of our church and school.

After gathering and analyzing data from the study, representatives from the Steier Group reported their findings on June 25. They continue to be impressed by the joy, generosity, and warmth of St. Therese! There is overwhelmingly positive support for the upcoming campaign to strengthen our beloved community for many years to come. In particular:

- Over 90% of participants indicated they would make a gift or pledge to the campaign.
- There is broad support and enthusiasm for all proposed projects.
- Eighty individuals and couples stated they would be interested in helping the success of our campaign by serving as volunteers.

Based on the positive results, the Steier Group recommends that St. Therese move forward with a capital campaign, which will launch in the fall. We will spend the coming months finalizing campaign goals, drafting campaign communications, and building a large volunteer team. Our goal is to provide you with detailed information about each project and address the questions and concerns you raised during the planning study so you can make an informed decision about your participation in our campaign.

Again, thank you for participating in this critical study for St. Therese and your continued support of our parish community. Your input has been extremely beneficial, and along with guidance from our Lord, will help ensure the success of our upcoming campaign.
