

# Project 600: Toy Donations

Spread **Christmas cheer** to children ages 4 & 5 from Catholic & public schools in Denver!

Help make this year's Project 600 Christmas Toy Drive extra special by donating age-appropriate (ages 4 & 5) unwrapped gifts from **Saturday, October 24** through **Saturday, November 28**. Place your donations in the boxes labeled "Project 600" in the Narthex and at the entrance to McCallin Hall.

## Toy ideas for children ages 4 & 5:

- \* Dolls of different ethnic groups
- \* Toy cars or trucks (that do not need batteries)
- \* Age-appropriate board games or card games
- \* Coloring books with crayons
- \* Smaller-size balls, e.g. Nerf (soccer balls, basketballs, footballs)
- \* Easy puzzles or age-appropriate craft kits

We will deliver the toys this year to the schools, so please keep in mind that large toys are difficult to transport.

A good rule of thumb is to not spend more than \$10–15 for any toy, because gift bags of three or four presents are arranged to equal approximately \$25. Please, **new** items only and no guns of any kind.

STM Youth Ministry sponsors this annual Christmas event. Though this year we won't be able to have a party for the children, we will definitely bring a little joy to their Christmas when Santa arrives at their school with bags full of three to four presents for each child! Many of these children will not receive any other presents for Christmas this year.

This drive will give our STM middle & high school youth, as well as adult volunteers, a meaningful opportunity to give back to the community. They will wrap the gifts and help organize them for each school location. Their time will help make Christmas magical for the children.

Join in the spirit & share **Christmas joy** with kids in need! **Thank you** for your generosity.
