**WHEREAS:** We believe electronic Voting devices are not secret ballot as vendors can login to the data and see exactly how people voted.

**WHEREAS:** Electronic voting devices are expensive and wastes taxpayer money.

**WHEREAS:** We believe voting should be in our precincts, on paper, hand marked, hand counted using manual poll books so there is no question as to whether a person's vote was properly counted.

Further, we ask that you withdraw from the Texas Secretary of State's Voting Center program and its required us of Electronic Poll Books immediately; saving the taxpayers of Potter County Hundreds of Thousands of Dollars. We ask that you make this effective for all elections moving forward from this date. We also ask that the Election Administrators office be placed under the purview of the County Clerk, a County-Wide elected official who is accountable to the voters.
