

# Saint Raphael Fellowship Newsletter

Volume 2 Issue 9

October 2025

Dear SRF Friends,

Well, September is upon us once again and the cooler temps have been an absolute pleasure to experience, especially after that very hot July.

I'm not sure how many of you have been attuned to the 3I Atlas news, but I will do my best to give a quick synopsis. We are about to see a huge comet ramble thru our solar system, the comet is ½ the size of our SUN so it should be a pretty spectacular site. There are so many 'predictions' about what might happen but the reality is that our lives are in the hands of a loving God. Stay in a state of grace and all will be well.

3I Atlas cannot stop the Saint Raphael Fellowship from gathering in a series of wonderful events listed below. As usual, please RSVP to any you are interested in attending.

God Bless and Love to All!

Lisa
