

Hello <<First Name>>

We're excited to announce that  
[Hopkidz, On-Demand Childcare App](#) is  
open for investment!

Canadians now have the opportunity to  
invest in HopKidz Technologies Inc. The  
**minimum investment is \$1500**, with  
investments of **\$5000 and up RRSP and**  
**/or TFSA eligible.**

Built on leading-edge technologies San-  
Francisco-style, HopKidz is on-track to  
become the most efficient player in  
childcare space in Canada by 2020, with  
services already piloted in Vancouver BC  
and proof-of-concept received.

## What makes HopKidz truly remarkable

- HopKidz offers on-demand real-time search & booking!
- Parents on short notice can book childcare, pay for it online, drop-off their child in as little as 10-15 min or get a baby sitter at their place in 1-2 hours.
- Caregivers can now instantly put themselves on the map and be available on-demand, matching to assignments in real-time!
- Businesses are given tools to plan in advance and offer both backup and regular childcare to their employees on-demand through employee assistance programs.

HopKidz is capitalizing on the rapidly growing sharing economy and innovating in one of the most outdated inefficient industries of all - Childcare. Remarkably, Childcare is a \$200+ Billion dollar market and is only expected to grow with the growth of the global population.

## Why you should consider investing

- Impact Investing in the most desired sector - Childcare.
- Hopkidz has a plan to grow to be a globally used platform
- An awesome and experienced team of “parents on the mission!”
- Use of latest technology
- Addressed the business risks

**Join HopKidz in bringing freedom and flexibility to meet the demands of modern life.**

## Know More

*Full details of the offering can be found in the Offering Documents. This email is for information purposes only. Please consult your finance professional before making an investment.*

**Please note HopKidz has requested all investors complete a criminal check prior to investing. Their belief in the safety of children extends throughout the company, including their investors.**

---

*For informational purposes only. Investing in crowdfunding and exempt market offerings has significant risk. Investors may not be able to resell quickly or at all. An exempt market security holder may also receive limited ongoing issuer information. Only invest if you can withstand the loss of your entire investment. FrontFundr conducts a suitability assessment on all investments made through the platform.*
