

IT HAS THE POWER TO FORM
Community

IT IS THE
basis
OF ALL LIFE

WE'VE
shared it
WITH ANCIENT
DINOSAURS

AND THE POWER TO
START A **war**

AND **it** WILL BE HERE
LONG AFTER
WE'RE GONE

RIP

YET WE FAIL TO
respect it

OTHERS SIMPLY REACH OUT
FOR MORE THAN **they**
need

IT GIVES **life**

SOME WALK HOURS
JUST FOR
a little

SOME PEOPLE ARGUE IT'S A BASIC
human right

1 in 6

PEOPLE DON'T HAVE
ENOUGH OF IT

A dark blue background representing space, with several small white dots for stars. A bright blue beam of light originates from the bottom left and converges on a small, grey, ringed planet in the center. The text is positioned below this planet.

We search
FOR IT ON
DISTANT PLANETS

OTHERS
claim it

AND
sell it
FOR PROFIT

WHILE WE
waste it
HERE ON OUR OWN

OTHERS
Use it
LIKE NO ONE ELSE
NEEDS IT

IT DETERMINES THE WAY
We live

FOR MANY IT COSTS
NEXT TO **nothing**

WITHOUT MOST PEOPLE EVEN

noticing

YOU MIGHT EVEN SAY
IT IS **life** ITSELF

STILL THEY SPEND
billions
TO BUY IT
