

Comprehensive Adult

- 3 Office Exams/Visits
- Up to 3 Vaccines as Recommended by Veterinarian
- Intestinal Parasite Test
- Comprehensive Bloodwork
- Urinalysis
- Thyroid Screen
- **Dental Cleaning** - includes full mouth radiographs, pre-anesthesia bloodwork, general anesthesia, i.v. fluids/monitoring, hospitalization, antibiotic and pain injection(s)

Comprehensive Kitten

This plan has all the services of the Essential Kitten Plan Plus:

- **Spay/Neuter** - includes pre-anesthesia bloodwork, general anesthesia, I.V. fluids / monitoring, hospitalization, antibiotic and pain injection(s)

A more comprehensive plan will proactively manage your pet's health.

“This plan is very helpful in evaluating kidney function and other organs as felines age and are likely to develop problems. It allows us to identify or monitor these issues and evaluate common diseases in older cats like renal failure and hyperthyroidism. It also includes a dental which is often a problem area in older felines and essential for a longer, healthier life.”

Karl Hill, DVM
