How would you like your pet's hair cut?

*(If you want your pet to just have a bath and NO haircut, please let us know!)*

*\*Please note: Requesting a "shave" or a "summer cut" means that <animal>'s hair will be trimmed to the skin*

Same as last time

Occasionally a pet's coat is severely matted and the only option is a complete body clip.

I give my permission for the groomer to clip my pet as needed. This may require a shave.

Please contact me first. (Note: We must have an immediate contact number.)
