If your pet is matted, it is in your pet's best interest to be shaved down or cut shorter. If you cannot be reached do we have permission to do so? Yes / No

Your pet's health and comfort, and that of all our patients, is our highest priority. To ensure our patients' well being, and to prevent a flea infestation in our facility, our policy is as follows: **If your pet has fleas, we will administer an oral flea control product (Capstar) at a charge of \$7.50.** Capstar is an oral flea treatment that begins working within 30 minutes to kill all the adult fleas on your pet; this medication lasts for only 24 hours and is safe for use in cats and dogs. You will be able to continue your current flea prevention at home without interruption.

Please initial that you have read and understand this policy: _____
